## Project Completion Certificate

February 05, 2024

To whom it may concern,

This is to certify that Energeia Microgrid Private Limited, an Energy Services Company (ESCO) accredited by the Bureau of Energy Efficiency, has successfully supplied, installed, and commissioned the Dual Fuel Technology on our 1500 KVA Cummins Diesel Generator at Munjal Showa Limited

Manesar Gurugram.

Client: M/S Munjal Showa Limited

Project Description: Supply, Installation, and Commissioning of 1X1500 KVA Dual Fuel System

Purchase Order Number: 4240000537 (dated April 14, 2023)

Project Completion Date: September 08, 2023

Since its commissioning on September 08, 2023, the Dual Fuel Kit has been operating satisfactorily. We are happy with the execution of the project and the service support provided by Energeia's team. It has unlocked diesel savings and reduced our emissions as per norms prescribed by Commission for Air Quality Management (CAQM).
